SURU INTERNATIONAL PVT. LTD.

I.V. CANNULA

Product Name: I V Cannula With Injection Port - SURUFLON ®

Item Code: 2002

Features :

- Provided with injection site which has one way retracting valve to facilitate extra medication while preventing back flow
- It can also be used to inject medicine by a syringe without needle thereby reducing the chances of infection and needle stick injuries
- Angled and grooved wings offer easy fixation, prevent pistoling and keep cannula over the patient's body
- Injection port with non return silicon valve for intermittent medication
- The valve has a special design for resting the finger to facilitate two point grip for cannulation
- Kink resistant FEP Radio - Opaque Catheter
- Sterile product for single use

Available Configuration :

- Option Available : PU Catheter
